EXPERIENCE

Freelance Full Stack Web & Mobile App Developer, York ME

Mar 2019 - Present

As a freelance full-stack web developer with over 20 years of experience, I have a proven track record of delivering custom, dynamic, data-driven web applications for clients. I am proficient in PHP, HTML, MySQL, JavaScript, jQuery, CSS, and Adobe Suite. I have 10 years of experience customizing WordPress and I have 3 years of experience with React, JSX, Node, and Apache Cordova. Some of the projects I have worked on include custom e-commerce platforms, real estate websites, insurance processing sites, content management systems, and mobile apps. My technical expertise and passion for delivering high-quality solutions has allowed me to consistently exceed client expectations and deliver impactful results.

Jarvis Custom Solutions, York ME — Web/App Programmer

May 2006 - Mar 2019

Owner/programmer who specialized in custom web development for small businesses, I offered a unique combination of strong customer service, expert project development and management, and technical expertise. With a focus on creative problem-solving, I brought a wealth of experience to each project and worked closely with clients to understand their specific needs and goals. I was dedicated to delivering high-quality web solutions that drove business success.
